ANNUAL REPORT

DEC. 31, 1923.

To His Excellency the Governor and Commander-in-Chief.

In accordance with the provisions of Section 27, Chapter 33, of the General Laws, I hereby submit the Annual Report of the Massachusetts Volunteer Militia for the year ending December 31, 1923.

Appended are the reports of the Chiefs of Departments, Staff Corps, and the Armory Commission.

ENROLLED MILITIA.

On December 31, 1923, the total enrolled militia of the Commonwealth was 693,497. This shows an increase of 7,641 over 1922.

THE NATIONAL GUARD.

The reorganization of the Massachusetts National Guard has continued to progress, although somewhat more slowly than heretofore. On December 31, 1922, there were 134 units federally recognized; 21 units have been federally recognized this year, making the total number at present 155.

Up to this year we have managed to keep a little ahead of the schedule required by the Militia Bureau on June 30th of each year, but this year, largely owing to the great number of expirations of the three-year enlistments, we fell a little behind. Our strength on June 30, 1923, should have been 9100 officers and men, while we only succeeded in obtaining 8808 officers and men.

Of the allotment made to Massachusetts, there has been organized and federally recognized —

- 1 division headquarters, less
 - 1 headquarters and military police company,
 - 1 light tank company,
 - 1 motorcycle company, and
 - 1 ordnance maintenance company.
- 2 infantry brigades, less
 - 8 units in the 182d infantry,
 - 1 field artillery brigade,
 - 1 regiment of engineers,
 - 1 infantry division train,
 - 1 ambulance company,
 - 1 field hospital company,
 - 1 division signal company,
 - 1 division air service.

The organization of army troops consists of —

- 1 regimental headquarters and service troops, cavalry,
 - 1 squadron of cavalry,
 - 12 companies of coast artillery,
- and as special allotment —

- 1 machine gun battalion (anti-aircraft),
- 1 separate battalion of infantry (colored).

It is expected that the infantry regiment will have completed its organization in the early part of the coming year. The medical regiment also is expected to be completed at the same time.

All organizations have performed their fifteen day tour of camp duty. The Division, less the Engineers, and one regiment of field artillery and Air Service, performed its tour at Camp Devens as a Division.

The Engineers performed part of their duty at Hanover and the last five days at Devens with the Division.

But one regiment of field artillery could function at Camp Devens at a time, on account of the lack of horses and also insufficient range for artillery practice.

The tour of duty at Devens was very successful.

The poor facilities for artillery firing are a severe handicap to the artillery, and as this is an expensive branch of the service to maintain, every effort should be made by the United States authorities to arrange for sufficient land at Devens to permit proper artillery training.

The 102d Field Artillery followed the division period for its tour of duty and obtained as much training as the facilities would permit.

The 2d Separate Battalion Infantry also performed their camp duty at Devens at the same time as the 102d Field Artillery.

These camps were successful and good work was accomplished. Inspecting officers reported very favorably on all organizations.

The Cavalry performed their duty at Wakefield Rifle Range, where much was accomplished in instruction in rifle practice, and the balance of their camp duty at the Rhode Island State Camp Ground, Quonset Point, Rhode Island. The inspection reports show that the tour of duty was of great advantage to the command.

The 211th Artillery (1st Corps Cadets) performed its tour of duty at Fort Terry, Long Island Sound, and the instruction which was received was of great benefit to the command. The work with the anti-aircraft machine guns in shooting at balloons received commendation from instructors and inspectors.

The Coast Artillery Corps performed its tour of duty at Fort H. G. Wright, Long Island Sound. This was the first time in many years that the regiment, as a whole, had drilled together, and this tour did a great deal to strengthen the morale and regimental esprit. Very favorable reports were received from inspectors on this tour of duty.

The 101st Observation Squadron performed their duty at Mineola, Long Island, as heretofore, and did good work. At the conclusion of this tour of duty nine new planes were issued to the Squadron and delivered at the home station at Jeffries Point, East Boston.

This Squadron has developed a remarkable esprit and has done excellent work under a severe handicap of insufficient equipment. Now that they have two hangars erected at the Flying Field at Jeffries Point, East Boston, opportunities for training are much better. They still lack adequate quarters for the personnel, and an amount of money to remedy this defect has been asked for in the budget.

For the first time in many years Massachusetts put into camp at Devens an infantry division, complete, except for a few minor headquarters units. Reports on the camp speak very highly of the work performed.

The Secretary of War, the Chief, Militia Bureau, and Chief of Infantry all visited the camp and expressed themselves as much pleased with what they saw.

Recommendations have been made to the War Department in regard to retention of a sufficient area at Camp Devens to train the National Guard troops of the 1st Corps Area, and through the co-operation of The Adjutants General of the New England States and the Division Commander, we were able to secure a conference with the Secretary of War at Devens where the necessary facilities for the training of the National Guard of this Area could be easily obtained. Both the Secretary of War and the Chief of the Militia Bureau were heartily in accord with the views of the State Adjutants General and the Division Commander, and as a result of this conference a suitable area has been set aside for the training of all the National Guard troops of New England. A small expenditure each year on necessary repairs will afford sufficient quarters and adequate facilities, except for the field artillery, for many years to come. The field artillery must have more land for range firing. This land should be leased at once, as Congress has refused to appropriate the necessary money for purchasing land.

All camps were visited by The Adjutant General, the State Inspector or his representative, the State Judge Advocate and the State Quartermaster.

Some officers of the Massachusetts National Guard still seem to be unable to appreciate property responsibility. Those who are lax in this respect will suffer both in their pockets and on their efficiency records.

There have been fires in two armories during the year, both of which were undoubtedly due to careless smokers.

More stringent rules have been adopted with reference to smoking in armories and officers and men are charged with the duty of carrying out the new regulations.

On April 28th the battle ribbons of the 104th Infantry were attached to their colors in the Hall of Flags in the presence of His Excellency, the Governor, and a large number of the former officers and men of the regiment. This event was of more than passing interest, as the 104th Infantry was the first American regiment to be decorated by a foreign government.

The board of officers appointed to recommend changes in the regulations for the use of armories has reported, and new regulations have been issued. It is too soon yet to pass judgment upon the results. It is believed, however, that time will show an advantage to the National Guard units in armories.

Owing to a press of legislation last year, it was not possible to take up the changes recommended in the militia law, but this matter will receive attention from the Legislature early in the coming session.

It is gratifying to note that the military department has been able to do its share towards the gradual reduction in the size of State appropriations. Taking 1915 as the year for a comparison (and 1915 is selected as being the last full year of State military work before the war), the figures show that with a total military appropriation for a force of 7,000 officers and men, the cost per soldier was \$161.69. The total military budget for 1924, based on a strength of 10,701 officers and men, shows a cost per soldier of \$92.08.

While there are many things that the National Guard still needs, it is believed better policy to acquire them gradually and keep the military budget within reasonable bounds, than to attempt to obtain them all at once at a large increase in the budget.

The Guard is functioning well and is not seriously handicapped by going slowly.

During the year 54 men have been discharged to enlist in the Army, 72 to enlist in the Navy, 8 to enlist in the Marine Corps and 5 to enlist in the Coast Guard.

RIFLE SHOOTING.

During this year we were able to give more thorough and more general instruction in rifle practice than ever before. With this end in view, there was established at Wakefield Rifle Range a camp of rifle instruction which was carried on for ten days in August and which proved very successful. The Rifle Team was selected from those who attended this camp, and, during the annual competitions at Camp Perry, Ohio, maintained the high standard in marksmanship which Massachusetts has always held.

The team this year took fourth place out of 66 entries in the contest for the Hilton Trophy, and many high places in individual matches. Massachusetts had two men on the National Guard team in the United Services Match.

A very successful State Competition was held at Wakefield in October at which suitable prizes were given to both organizations and individuals. The Tri-Color was won by the 101st Infantry. Excellent scores were the order of the day and much general interest was demonstrated.

The practice inaugurated last year of holding an Indoor Tournament in the armories during the winter months, using the .22" caliber rifle, was continued with very good results, and a similar match is being arranged for the coming season.

The officers of the Ordnance Department have given much time and attention to their duties at the various camps, inspecting indoor and outdoor ranges, and investigating prospective rifle clubs desirous of joining the National Rifle Association.

The question of a suitable range within a reasonable distance of Boston is a matter that needs immediate attention. By far the greater part of the National Guard is located in the eastern portion of the State, and while for many years the Guard has been able to obtain shooting facilities at the Bay State Military Rifle Association Range at Wakefield, there is a possibility that this property may be disposed of in the near future. Should this occur, the Guard in the metropolitan district will be without range facilities. A board of officers, appointed to investigate the question of a suitable range, has recommended that

the State purchase the Wakefield Range. An appropriation was asked for in the budget last year for this purpose but was stricken out. This is a matter of great importance, since a soldier who does not know how to shoot is of little worth.

NEW ARMORY.

The new Quincy Armory is rapidly nearing completion. The contractors are now engaged on the finishing work and the building will probably be ready for occupancy early in March.

The Armory is well situated on the corner of Hancock Street and Furnace Brook Parkway, about five minutes' walk from the center of the city.

The Armory lot is surrounded on two sides by land held by the Metropolitan District Commission and on the third side by land occupied by the "Dorothy Q. House."

The building will be a credit to the State and to the city.

OFFICIAL VISITS.

Among the distinguished guests of the Commonwealth during the past year were Premier P. T. Veniot of New Brunswick and Premier E. H. Armstrong of Nova Scotia, Vice Admiral Sir William Culme-Seymour of His British Majesty's Navy, Chief Justice William H. Taft of the United States Supreme Court, General Henri Gouraud of the French Army, and General Josef Haller of the Polish Army.

CERTIFICATES OF WORLD WAR SERVICE.

The number of applications for World War certificates amounted to 27,055.

There have been 24,542 certificates issued and the remaining 2,513 are either in process or awaiting official records from Washington.

This is an increase in certificates issued since 1922 of 3,024.

WORLD WAR RECORD DIVISION.

Practically all World War records have now been received from the War and Navy Departments, only a comparatively few individual records remaining to be furnished. Records already received total approximately 199,000. This does not include the records of those who served in the allied forces. At the present time we have records of about 250 Massachusetts men who had such service and expect to have a fairly accurate record before the work is completed.

The work of typing permanent record cards is progressing slowly, due to the inaccurate and incomplete condition of the records received from Washington. It has been found that about 27 per cent. of the Army records and a much larger percentage of the Navy records must be returned or referred to their respective departments at Washington for correction or completion. These inaccuracies are traceable to the large number of inexperienced employees at Washington who worked under pressure to accomplish the task of preparing card records for the several States within a limited time.

There is a steady demand for certificates of war service from many sources and for various purposes. During the year approximately 4,400 certificates of service have been issued, and about 800 certificates of registration under the selective service law have been furnished to aliens seeking to become American citizens.

Many cities and towns, organizations, and societies throughout the State are sending to this office lists of names to be checked to show their eligibility for a place on some honor roll, tablet or for some other historical purpose.

All this incidental work tends to retard the work of preparing in permanent form the records of Massachusetts soldiers, sailors and marines, which is the main purpose of this section.

PHILIPPINE RECORDS.

The total number of records of Philippine service secured so far amount to 4,433. This is divided as follows:—records of Volunteers, 1,841; records of Navy, 2,277; records of Marine Corps, 315. This practically completes the records of Volunteers, leaving the Army records to be secured. The Navy records are complete and the Marine Corps records have been secured to the

letter F. There still remain the balance of the Marine Corps and the Army records to be obtained. This is a slow and laborious work, as the records of all men who saw service during the period of the Philippine War have to be gone over to determine whether or not they come from Massachusetts.

INTELLIGENCE SECTION.

The Intelligence Section has continued to do good work, particularly in the instruction of the intelligence personnel of the Guard. There has been a large increase in the number of cases referred to this Section for investigation during the past year. The personnel of the Section has been reduced and the personnel of the Intelligence Section of the Guard has been used as far as possible in this work.

ARCHIVES DIVISION.

The Chief of the Archives Division reports that over 200 letters relating to military historical matters have been referred to this Division, data relating to the same looked up, and answers returned.

More than 100 requests for Revolutionary records have been received and referred to the Honorable Secretary of the Commonwealth.

Nearly 1,400 records of service of men who served in the Civil and Spanish-American Wars have been made out and issued, in the majority of cases for Pension or State Aid purposes.

A great many records have been looked up of individuals who served as commissioned officers in the Massachusetts Militia or Massachusetts Volunteer Militia between 1781 and the outbreak of the Civil War.

Outline sketches of the history of at least 75 of the older units of the Militia of the Commonwealth have been prepared and filed for reference. Requests for such outline sketches are coming to this Division with increasing frequency. This work requires much time but the results are valuable.

Photostat copies of the rolls of the members of the Massachusetts Militia, who were called into service during the suppression of Shay's Rebellion, have been secured from the Archives of the Secretary of the Commonwealth. These sheets, 1,090 in number, will, when bound, form a valuable addition to the records of this office. With these, the office now has the records of all wars in which Massachusetts men have participated since the office was organized in 1782.

All the Navy Department Letters, which fill 46 volumes and on which a great many of our Civil War Naval records are based, have been carefully re-bound, together with 39 volumes of Adjutant General's Reports, official records, etc.—86 volumes in all, during the present fiscal year. These, with 154 volumes previously reported, make a total of 240 volumes which have been bound, re-bound, or repaired during the past five years.

The above work, together with many other items not here listed, has been done in addition to that of superintending the preparation of the Civil War Records for publication, a report on which has already been submitted.

SCHEDULE OF VOLUMES BOUND DURING THE FISCAL YEAR 1923, MILITARY ARCHIVES DIVISION, THE ADJUTANT GENERAL'S OFFICE.

	Volumes
Navy Department Letters.....	46
Official Records.....	8

Adjutant General's Reports, Civil War Period.....	15
Records of Massachusetts Volunteers (Civil War).....	2
Rolls of New Hampshire Volunteers.....	1
Total	86

TWENTY-FIFTH ANNIVERSARY SPANISH-AMERICAN WAR.

By legislative enactment the celebration of the 25th Anniversary of the Spanish-American War was provided for this year and the disbursement of the appropriation was placed upon this Department.

The celebration consisted of a parade of the survivors of the Massachusetts organizations who participated in the war, together with such members of the United Spanish War Veterans who enlisted in the Army, Navy or Marine Corps from Massachusetts.

The parade took place on October 12th, Columbus Day, and was made up of survivors of the 2nd, 5th, 6th, 8th and 9th Infantry, Massachusetts Volunteer Militia, and the Massachusetts Naval Militia parading as organizations, with large delegations from the Association of the United Spanish War Veterans.

At the conclusion of the parade the column assembled in the Cadet Armory and were addressed by His Excellency, the Governor, and the Honorable Henry Cabot Lodge.

The celebration was successfully carried out, and there was a large attendance from the members of the Massachusetts organizations who participated in the War.

DEATH OF THE PRESIDENT.

On August 2, 1923, the whole country was saddened by the death of President Warren G. Harding.

A most impressive funeral was held at the Capitol in Washington and the Commonwealth was represented by His Excellency, Governor Channing H. Cox, the President of the Senate, the Speaker of the House and The Adjutant General.

Suitable military salutes were fired on Boston Common by a detail from the 101st Field Artillery on the day of the Funeral, and the colors on all State buildings were flown at half-staff until the conclusion of the Funeral Ceremonies at Marion, Ohio.

ARMY INSTRUCTORS.

Most of the Army Instructors assigned to Massachusetts have been relieved during the latter part of the year, owing to details to schools or other duties, and their places have been taken by new Instructors assigned to duty with our National Guard.

We now have seven instructors for infantry, three for field artillery, three for coast artillery, one for engineers, one for cavalry, one for air service, one for signal company, one for the medical department and two for the quartermaster corps.

The same high type of instructors has been maintained and these enthusiastic officers are a great help to the Guard and are doing fine work.

AID TO CIVIL POWER.

On February 1, 1923, at 3.30 P. M., an explosion took place in a gas purifying tank in the gas works at Springfield. The explosion destroyed buildings and broke much glass for some distance from the scene of the explosion and there were some casualties among civilians in the immediate vicinity. The Mayor of the City precepted the local National Guard units and the Headquarters Company, Service Company, and Companies G and H of the 104th Infantry and the 101st Motor Transport Company reported at the State Armory for duty. Their services were not necessary and they were relieved from duty at 5.15 P. M. the same day.

The law with reference to aid to civil power has been deficient, in that the sheriff of a county, the mayor of a city or selectmen of towns could precept the local unit of the guard in case of a riot, tumult or mob or in the case of a public catastrophe or when the usual police provisions were inadequate to protect life and preserve property, and the cost of such duty had to be borne by the State.

The Legislature of 1923 changed this law so that the expense of such duty would be charged to the county, city or town where such duty was performed.

This will restrict the tendency to call on troops unless the situation is grave enough to really require such aid.

ADDITIONAL DUTIES PROVIDED FOR BY THE LEGISLATURE.

In addition to the regular routine of office work, the Legislature has placed additional duties and work on the head of the department by the enactment of legislation providing for a special commission to prepare a suitable history of the part Massachusetts took in the World War.

The commission consists of The Adjutant General, the Secretary of State, and the State Librarian.

This is in addition to the work required by five other legislative enactments of previous years which are still in process.

OFFICE ADMINISTRATION.

The work of the office has considerably increased, caused by the growth of the Guard, and requires close application to keep up with the volume of the work.

The amount of recorded correspondence has increased from 1,850 pieces in 1920 to 3,327 pieces in 1923, and the number of unrecorded pieces on which some action was taken was more than double that of the recorded pieces, and all of this has been handled with no increase in the number of office employees.

In addition, circulars, bulletins, general and special orders, training regulations, blank forms, etc., have been sent out from the office, numbering over 50,000 pieces.

The office force shows a commendable spirit and has worked hard. There has been a great improvement in the morale.

RECOMMENDATION OF THE ADJUTANT GENERAL'S DEPARTMENT.

Instances have occurred in the Massachusetts National Guard where officers and enlisted men have distinguished themselves conspicuously by gallantry and intrepidity at the risk of life, above and beyond the call of duty, while on active service and it is recommended that the governor be authorized to present in the name of the Commonwealth of Massachusetts a medal of honor to each member of the Massachusetts National Guard who so distinguishes himself.

Such action on the part of the General Court will reward conspicuous service and tend to increase the morale of the Guard. The Adjutant General therefore recommends legislation which will provide for such medal of honor.

RESOLVE.

Authorizing the Presentation of Medals of Honor to Members of the National Guard for Distinguished Service.

Resolved, That the governor is hereby authorized to present in the name of the Commonwealth of Massachusetts, a medal of honor to each person who, while an officer or enlisted man of the Massachusetts national guard, shall hereafter distinguish himself conspicuously by gallantry and intrepidity at the risk of his life above and beyond the call of duty while on active service. No more than one medal of honor shall be issued to any one person, but for each succeeding deed or act sufficient to justify the awarding of a medal of honor the governor may award a suitable bar or other device to be worn as he shall direct. The design for any such medal or device shall be approved by the Art Commission for the commonwealth.

JESSE F. STEVENS,
The Adjutant General.

REPORT OF THE INTELLIGENCE SECTION, THE ADJUTANT GENERAL'S DEPARTMENT.

BOSTON, DECEMBER 31, 1923.

To The Adjutant General.

Sir: —

The following report of the Intelligence Section of The Adjutant General's Department, is herewith submitted for the year ending December 31, 1923.

The work for the past year has been divided under the following headings: —

1. The instruction in Military Intelligence for the enlisted and commissioned personnel of the Massachusetts National Guard.

2. General intelligence work.

3. Investigation of matters referred to the department on military and other subjects.

First. — Under this heading the department has given a course of instruction to the commissioned intelligence personnel of the Massachusetts National Guard throughout the year, and also a like series of schools to the enlisted personnel. In connection with those units which were in the course of re-organization, or being newly formed, this work was somewhat hampered on account of lack of personnel and organization.

During the tour of duty at Camp Devens, July 7th to 21st, 1923, the instruction was carried on with the assistance of the Intelligence Section of the 5th Infantry, U. S. A. Problems were carried out, and the results obtained in most cases were very satisfactory. The work was continued subsequent to camp, commencing in October with monthly schools for the commissioned personnel. Where new units have just been formed, the enlisted personnel has been given instruction, but it is the intention that the officers shall instruct their own enlisted personnel from now on.

A course of lectures has been arranged for the year 1923-24 for the commissioned personnel, which will cover all phases of intelligence work by lecturers from different branches of the service.

Second. — Under this section of the work, there has been a large number of cases concerning the foreign derivatives, and this department has had to handle such matters with various departments in Washington who have co-operated most kindly.

Third. — The military investigation work has increased, and the department has handled more cases this year than in 1922. The work can be more easily distributed at the present time than heretofore on account of the increasing efficiency of the Intelligence Sections throughout the Guard, who have rendered excellent service along these lines.

In closing, the writer desires to thank The Adjutant General for his consideration and kindness during the year just passed, and also to express his gratitude to the officers who have assisted him in the work in the intelligence schools.

ROBERT O. DALTON,
Major, in Charge.

REPORT OF THE MILITARY SERVICE COMMISSION.

BOSTON, DECEMBER 31, 1923.

To the Adjutant General.

1. Pursuant to the provisions of Section 105, Chapter 327, General Acts of 1917, this commission was established by authority of paragraph 1, Special Orders No. 38, A. G. O., dated February 26, 1920.

2. The Military Service Commission is composed of the following named officers:

Brig. Gen. John J. Sullivan, Mass. N. G. Ret., to serve until February 26, 1924.

Brig. Gen. Alfred F. Foote, 51st Inf. Brigade, Mass. N. G., to serve until February 26, 1924.

Lt. Col. Roger W. Eckfeldt, 102nd Field Arty., Mass. N. G., to serve until February 26, 1924.

3. Continuing since date of last report of this Commission, Col. John W. Hyatt, Instructor, U. S. A., and Chief of Staff of the 26th Division, has advised with the Board regarding the eligibility of candidates. His advice and assistance has aided materially in expediting the work of the Board.

4. In pursuance of General Orders No. 2, A. G. O. Mass., dated February 28, 1923, the Federal Examining Board has been meeting on the same day that the Military Service Commission meets, for the purpose of examining such candidates ordered before the board for Federal Recognition. This procedure has expedited the Federal Recognition of officers for whom vacancies existed, and

has saved the State considerable money for mileage, as well as much inconvenience to the officers concerned, who would otherwise have to make a second trip to Boston.

5. Mental examinations (both oral and written) and physical examinations have been held, weekly during part of the year, monthly for another period, and finally, and at the making of this report, twice a month, to determine the fitness of candidates to be placed on the Officers' Eligibility List. The scope of the mental examination is shown in Appendix A.

6. (a) A table showing the number of applicants examined during the past year for certification is shown in Appendix B.

(b) The policy of the Board has been to require strict compliance with the regulations, and, as a result, the candidates appearing before the Board during the past year have been much better prepared than formerly, and at the present time there are comparatively few failures among the candidates who appear.

JOHN J. SULLIVAN,

Brig. Gen., M. N. G., Retired, President.

ALFRED F. FOOTE,

Brig. Gen., 51st Inf. Brigade, Mass. N. G.

ROGER W. ECKFELDT,

Lt. Col., 102nd F. A., Mass. N. G., Recorder.

APPENDIX A.

The following regulations of the Military Service Commission are published for the information and guidance of all concerned:

1. All applicants for certification on the eligible list for appointment in the Massachusetts National Guard will complete Form No. 1, M. S. C., in duplicate and forward same to the Recorder, Military Service, Commission, Room 263, State House.

2. No applicant will be certified for any grade until he has passed a satisfactory physical and written examination and appeared in person before the Military Service Commission.

3. All applicants will be examined in the following-named subjects with respective values as indicated:

<i>Subjects</i>	<i>Credits</i>
1. Orthography	}
2. Grammatical Construction	
3. Penmanship	
4. Ten questions on Basic Course for officers including at least two questions from Special Regulations, No. 57, War Department	4
5. Five questions on Arm of Service which officer applies to be certified in	2
6. Aptitude and probable efficiency to be judged by examining board by the general appearance, conversation, manners, etc., of the candidate	3

Number one, two and three to be judged from the papers submitted by candidate. Number four will cover a broad scope of the manuals mentioned in paragraph four of this circular. Number five will cover the manual or regulation of the branch or arm of service in which the applicant desires certification.

4. It is recommended that all applicants for certification secure the following-named manuals and regulations for careful study together with the particular regulation of the arm of service in which certification is desired:

Army Regulations

National Guard Regulations

Manual for Courts-Martial

Field Service Regulations

Manual for Interior Guard Duty

Manual for Non-commissioned Officers and Privates

Special Regulations, No. 57, War Dept.

Manual for Physical Training

These manuals and regulations may be purchased locally or direct from the Government printing office, Washington, D. C.

APPENDIX B.

The following table shows the number of applicants who have appeared before the Military Service Commission from December 12, 1922, to December 12, 1923, to determine their fitness to be certified as eligible for appointment in the various arms of service and ranks indicated, and having been found eligible, were so certified:

RANK.	Staff	A. G. D.	I. G. D.	J. A. G.	Chapl. C.	Inf.	F. A.	C. A.	Cav.	Sig. C.	Eng.	Q. M. C.	Ord.	Air Ser.	M. D.	Total

REPORT OF THE STATE ARMORY COMMISSION.

CAMBRIDGE, MASS. DECEMBER 31, 1923.

To the Adjutant General.

The year 1923 has been an active one for the Armory Commission, the report of whose work I have the honor to hand you herewith, though the work in Quincy has been the only large undertaking.

Early in the year the Governor and Council made an appropriation for the repair of fire damages in the Fall River Armory necessitated by the fire of November, 1922. This has been completed. From the item in the budget "alterations" there have been constructed magazines in the Gloucester and Malden armories.

In April the Malden Armory was the scene of a fire, sufficient damage being done to require more or less extensive repairing in the way of carpentry, painting and military furnishings. To cover this expense the Governor and Council voted to appropriate the sum of \$1,313.74 from their "Extraordinary Expenses" Appropriation. The Commissioners have therefore been enabled to complete these repairs.

Under the appropriation for "lockers and furniture," there have been installed in various armories throughout the State 961 steel lockers. Under this same appropriation the Commissioners have contracted for filing cabinets, desks, tables and chairs, some of which have already been delivered.

After considerable discussion with the Selectmen of the Town of Wakefield, the Commissioners have finished relocating the bank wall of the armory in that town and have had the land graded to conform with the lot upon which the Town of Wakefield has erected a new school building.

The organization of a company of the 101st Infantry, Massachusetts National Guard in the Town of Norwood makes the construction of a suitable armory necessary. With this end in view the Commissioners have made several trips to Norwood to look at proposed sites for the building. It is estimated that the construction of such an armory would necessitate the appropriation of \$147,000 covering land, building and furnishings.

The only proper place at which to station the 26th Division Air Service, Massachusetts National Guard is at the new flying field in East Boston. The field has already been laid out and hangars erected for this unit. It will be necessary, however, to erect a barracks to house the officers and men. To this end, the Commissioners request an appropriation of \$69,660 in 1924.

As noted above, the chief work during 1923 has been the beginning of the new Quincy Armory, for which the Legislature of 1922 authorized the purchase of land on Furnace Brook Parkway. The Metropolitan District Commissioners transferred the land, recommended by the Armory Commissioners, after an opinion had been handed down by the Attorney General, and the Legislature of 1923 had authorized the transfer.

The firm of McLaughlin & Burr of Boston was chosen as Architect for the one-company armory which is being constructed upon the "model armory plans" after the fashion of the Taunton armory.

The Commissioners, with the approval of the Governor and Council, awarded the contract for construction to the John Bowen Company for the sum of \$128,335. The architect's fee, furniture and incidentals will bring the total amount to be expended to an estimated \$132,835, which the Governor and Council have approved, under the provisions of Chapter 33, section 45 of the General Laws. At the time of writing of this report the building has progressed to the point where its value is \$91,624.22, the land being valued at \$5,000.

Soon after the completion of the foundation, it was discovered that the dam below the armory on Furnace Brook caused the brook to completely overflow a portion of the site at high water. This necessitated the laying of about nine inches more cement, and later the Commissioners deemed it advisable to request that the dam be removed altogether, that serious damage to the new building be prevented. A good deal of time elapsed before it could be ascertained

whether the City of Quincy or the Metropolitan District Commission had authority to remove the dam, but early in December the latter agreed to have the superintendent of that division remove the obstruction.

It is hoped and expected that the new armory will have been completed by March of 1924.

During the year 1923 the Armory Commissioners have visited the following armories:

April 12, Somerville, Malden and Haverhill.

April 20, 21, Cambridge, Woburn, Worcester, Springfield, Holyoke and the inspection of proposed sites for an armory in Westfield.

May 14, Hingham.

May 15, Hudson, Marlboro and Waltham.

May 31, Adams, Fitchburg and Greenfield.

June 1, Pittsfield.

October, New Bedford, Fall River and Taunton.

November 17, 18, Worcester, Springfield, Holyoke, Northampton, Adams and Pittsfield.

In the opinion of the Commissioners alterations to the following armories will be necessary in 1924:

Springfield, Plymouth, Fall River, Everett (Garage), Charlestown and Battery B Farm,

for which it is estimated \$8,500 must be expended. At the Commonwealth Armory it is expected that \$9,500 will be needed covering the Officers' Club and a proper ventilating system for the lower stables as well as some minor alterations. Therefore the Commissioners suggest an appropriation for Alterations to Certain Armories of \$18,000.

GEO. HOWLAND COX,
Commissioner and Secretary.

REPORT OF THE STATE SURGEON.

STATE HOUSE, BOSTON, DECEMBER 31, 1923.

To The Adjutant General.

1. Herewith is submitted the Annual Report of the Medical Department for the year ending December 31, 1923:

2. The most gratifying fact which presented itself during the summer tours of duty was the remarkable good health displayed by all commands of the National Guard. Out of approximately 5,500 officers and men who attended the encampment at Camp Devens, July 7th to 21st, there were only 65 sick admitted to the Station Hospital. In a letter of commendation to the Division

Surgeon from Lieutenant Colonel E. D. Ruffner, Med. Corps, U. S. A., and Major John G. Ingold, Med. Corps, U. S. A., this fact was commented upon and also the excellent co-operation given in the matter of ambulance service. Due to the efficiency of Ambulance Company No. 102; the 1923 trophy was awarded to the 101st Medical Regiment.

3. Up to the present time there has not been assigned to this Department for transportation purposes, a car to replace the worn-out Ford touring car which was formerly found indispensable. The lack of such transportation will undoubtedly increase to a great extent, expenses in connection with hiring of public conveyances when necessary.

4. In addition to Ambulance Company No. 102, Hospital Company No. 101 and the 101st Veterinary Company have received Federal recognition. Ambulance Company No. 101, to be located in Worcester, is practically organized, and the remaining units of the Medical Regiment are well under way. The location of 101st Veterinary Company has been changed from Commonwealth Armory to Wakefield Armory.

5. The Board of Medical Officers physically examined 378 candidates for commissions in the National Guard, 342 of whom were accepted.

6. 1,230 physical examinations of applicants for State Aid were made during the year.

7. 120 applicants were physically examined for Pedler's licenses.

8. 2,000 physical examinations were made of applicants for the State Police Patrol.

9. Board on Claims for Physical Injuries heard 39 claims, recommending awards amounting to approximately \$5,500.00.

10. It is recommended that measures be taken to increase bathing, urinal and toilet facilities in all armories, these being inadequate now that practically all armories are compelled to house more troops than were originally intended. This to promote not only comfort and prevention of disease but, as regards bathing facilities, to make it possible for men to engage in strenuous athletics as well as routine work with means at hand to refresh and cleanse themselves before going to their homes.

F. P. WILLIAMS,
Colonel, Medical Corps, State Surgeon.

REPORT OF THE STATE JUDGE ADVOCATE.

BOSTON, DECEMBER 31, 1923.

To The Adjutant General.

1. The following report of the Judge Advocate General's Department for the year 1923 is herewith submitted.

2. During the legislative year the Military Department was represented at all hearings of the Committee on Military Affairs and at those hearings of the Committee on Ways and Means which affected the military establishment.

3. The revision of the Militia Laws of the Commonwealth, drafted during the previous year by a Board under Special Orders No. 181, A. G. O. Mass., 1922, was submitted to the Legislature and extensive hearings held thereon.

4. Certain parts of the draft were enacted into law, but the revision as a law was referred to the next annual session. It will again be presented for consideration to the session of 1924.

5. Under the provisions of one of the sections of the law which was passed by the Legislature, a Board to handle claims for property damage has been appointed and is now functioning.

6. Fifty-two claims for personal injuries and eighteen claims for property damage have been reported to this office, investigated and proper action taken thereon.

7. One civil case relating to property accountability of a State Guard Officer has been disposed of after hearing before a Master, by a compromised settlement.

8. The sale of certain land and property rights in connection with the Framingham Camp Ground has been affected.

9. Twenty-two opinions and decisions on various military matters have been rendered and eight leases covering armory accommodations have been examined and approved.

10. Two cases of trial of enlisted men of the Massachusetts National Guard by Special Court-Martial have been reported and fifty-eight of trials by Summary Court-Martial, all of which resulted in conviction. The aggregate punishments consisted of commitment in jail for a term of two hundred and twelve days, fines of forty-five dollars and forfeiture of pay and allowances to the amount of thirty-three dollars and thirty-three cents.

11. Under date of July 2, 1923, Captain Everett Richard Prout was assigned as a Captain in this Department and was accorded Federal Recognition July 19, 1923.

Respectfully submitted,

RALPH M. SMITH,

Lt. Col., J. A. G. D., Mass. N. G., State Judge Advocate.

REPORT OF THE STATE QUARTERMASTER.

BOSTON, MASS., DECEMBER 15, 1923.

To the Adjutant General, Massachusetts.

I submit herewith my report as State Quartermaster of Massachusetts for the fiscal year, 1923. Accompanying this report are certain tabulations which are self-explanatory.

POST QUARTERMASTER SERGEANTS.

During the year the authorized personnel of the Quartermaster's Department was increased by executive order by fifty Post Quartermaster Sergeants. As a result of this change in the Organization forty-three Armorers were given warrants with seniority based on length of service.

On Wednesday, Oct. 24, 1923, an all day school for Post Quartermaster Sergeants was held at the Commonwealth Armory. In addition to routine matters the program contained the following:

Discussion of the use of soft coal and the proper handling of fires. Discussion opened by Mr. Ford, Chief Engineer, Commonwealth Armory, followed by Sergeant Keough of Wakefield.

Discussion of Armorers' responsibilities in the care of State and Government property. Discussion opened by Major Robert O. Dalton.

Handling of bills with special reference to bills for electric light, gas, and telephone. Discussion opened by Colonel Chase, followed by Mr. Foster, Chief Clerk, State Quartermaster's Office.

Address by The Adjutant General. Subject — "Relation of Armorers to Custodians and other Commissioned Officers."

REPAIRS.

Total amount for repairs for the year as will be seen from the financial report appended, was something over \$56,000.00. This expenditure was for minor repairs of which some were made to each armory and certain major repairs, the more important of which are as follows:

East Armory, quarters of 51st Inf. Brigade, Worcester Armory, to strengthen balcony and re-arrange old artillery quarters for new units.

Springfield Armory, finishing of tower rooms for new units.

Chelsea Armory, repointing towers and repair of roof.

Waltham Armory, repointed.

Charlestown Armory, installation of store rooms for new units.

Everett Armory, new roof on drill shed.

Commonwealth Armory, painting, and repair of stables.

The condition of the roofs and the masonry in various armories is now such that within a short time it will be necessary to expend considerable sums on these buildings to put them in a proper state of repair.

The Armory Commission is giving a good deal of thought to the type of roof that shall be so built that a leak caused by expansion will either be prevented or reduced to a minimum.

On the new Quincy Armory drill hall roof asbestos shingles are being used. These are working out well on the roofs of some of the larger buildings at the State Arsenal, and it is hoped that they will prove equally serviceable in the Quincy Armory.

Until the re-organization of the National Guard is completed considerable sums will be necessary for interior changes in armories properly to house the new units. Every effort is being made by those in authority to utilize the present structures to their maximum capacity. The present high cost of labor and material makes the cost of changes high.

The cost of the various buildings not including those on Battery "B" Farm and at the State Arsenal was over \$4,385,000.00. This sum is considerably below what it would cost to replace these buildings in the present market. It will be noted that the amount expended on repairs during the year 1923 was roughly about 1½% of their book value. If the present scale of labor and material costs persist for some years to come it will be necessary to expend a larger amount for repairs than has been the practice in the past few years.

STATE ARSENAL.

All the buildings of the central group, with the exception of the house, barn and office building, have been given two coats of paint. The buildings are all now painted in the same color and with the exception of minor repairs which will have to be made to certain roofs the coming Spring, the property is in first class condition.

Nothing has been done to structures on the parade ground excepting very minor repairs. These buildings are used for the storage of heavy equipment, like escort wagons, trucks, water tanks, and ambulance chassis.

In the Spring the Department of Public Safety was requested to send an inspector to the State Arsenal to suggest such changes as could be made to reduce the fire hazard. This inspector made a very careful examination of the property in company with the State Quartermasters and filed a detailed report of his findings.

All recommendations of the inspector have been adopted, except two. A small house has been built over the fire hydrant at the entrance to the grounds, and there has been installed a hose reel with one thousand feet of hose. This length of hose permits the reaching of any building in the central group with water.

A new and modern fire box has been purchased and installed and the number of stations of call of the watchman have been increased by three, so that he visits every building on the property in his rounds.

In addition to the above mentioned agents for fire protection there is a fifty-gallon chemical tank kept in the heated garage which is inspected at proper intervals by the Chief of the Framingham Fire Department. Every bit of rubbish and wooden boxes have been removed from and under the buildings, and the land adjacent to the buildings in the rear has been so treated that danger from forest fire is reduced to a minimum.

Funds have been requested for the installation of a larger heating plant in building "A." At present the shipping floor and the basement are not heated, and as a consequence the permanent force at the Arsenal is not able to make any minor repairs to equipment during the winter that they could make if the work rooms were heated. In addition to the matter of repairs during the winter season the receipt and issue of property is growing every year. To do this work effectively a properly heated shipping room must be provided. During the year there has been a complete separation of State property from U. S. property.

The amount of ammunition storage has been increased and the policy adopted of storing at the Arsenal the major portion of both small arms and artillery ammunition.

The Ordnance Department has collected and disposed of all old and unserviceable ammunition.

The question of sale of the Arsenal property comes up from time to time.

It is true that 80% of the National Guard of Massachusetts is in or near Boston. Quartermaster stores in Boston would be more centrally located than is the present plant at Framingham. The Framingham property has a sale value equal to the cost of store houses sufficient to take care of the needs of this Department, if located on the vacant land at the Commonwealth Armory. It is believed that the sale value of the vacant land at Framingham, exclusive of the few acres that should be made a part of the plant on which the Arsenal buildings rest, will be in the neighborhood of \$200,000.00.

There is in storage the following State property which is available for immediate use in time of an emergency.

Blankets	10,693
Tents, wall, 9x9	1,000
Rifles, Springfield Cal. 30 Model 1903	115
Rifles, Krag, Model 1898, Cal. 30	27
Rifles, 45/70	4,205
Rifles, 45/70, Ramrod Bayonet	307
Guns, Riot, 12 gauge, Winchester	350
Revolvers, Smith & Wesson, Cal. 38	10
Field Ranges No. 1	30
Field Ranges No. 2	4
Cooking Utensils, Sets	34
Gas Stoves	13
Bed Sacks	9,000
Cots, Gold Medal	175

NEW UNITS.

During the fiscal year of 1923, twenty new units were organized and established in various armories. Eighteen of these units have been quartered in armories of the first class.

Every effort has been made to quarter these units comfortably and adequately. It has been a difficult problem due to the fact that no additional funds were available. This condition will persist until all the troops allocated to Massachusetts have been organized.

The situation calls for the utmost co-operation on the part of everyone concerned.

CARE OF PROPERTY.

The immense amount of Federal property now in the hands of the various accountable officers has increased not only their responsibility, but the responsibility of this Department in providing adequate and secure storage space.

This Department is investigating at this time the advisability of installing metal shelving in store rooms. It is believed that not only will the ultimate cost be no more than that for wooden shelving, but that the fire hazard will be reduced, and as this type of shelving is more mobile, it will meet with the approval of accountable officers.

It is believed that all surplus property now in the possession of the various units should be transferred to the State Arsenal and held on the account of the U. S. P. & D. O. Such a transfer would reduce the responsibility of unit accountable officers, and at the same time provide greater protection from fire, theft and deterioration than can be provided in the various armories.

The preservation of leather equipment is a constant problem. This Department is making some experiments now with a leather preservative that appears to be better than any heretofore put on the market. If the good results obtained in the experiments already made are confirmed we shall be able to provide a leather preservative that is of long life, easy of application, and comparatively inexpensive. Experience has shown that there is not sufficient labor available to permit soaping leather equipment once a month. It is believed that this new substance if applied twice a year will meet the demands of the situation.

CAMP DEVENS.

During the year the following units performed their annual tour of duty at Camp Devens:

26th Division.
2d Separate Battalion.

The allocation of funds by the Militia Bureau was made so late that it was necessary for certain repair work on the buildings at Camp Devens to be done by this office. Something over \$9,000.00 was put at the disposal of the State Quartermaster and repairs were made on what is known as the Artillery Area, and three (3) observation towers for Artillery observation were constructed. The major portion of the funds was expended on the construction of mess tables and the purchase and installation of toilet and bathing equipment.

At the end of the tour of duty of Massachusetts troops, all this material with the exception of the artillery observation towers was collected and is now in storage at Camp Devens for use later. Camp Devens offers not only all the major facilities necessary for the training of organizations up to and including a division, but secures this training at less expense to the Government and to the State.

The additional animals and wagons needed by the Artillery and the other units of the Division were drawn from the regular units stationed at Devens.

The State Quartermaster wishes to take advantage of this opportunity to express his appreciation of the splendid co-operation received not only from General Barnum and his officers, but also from the officers of the Corps Area Headquarters. The results that were accomplished by this Department during the summer at Camp Devens owe a great deal of whatever success was achieved to Captain Roland T. Fenton, D. O. L., U. S. A., who is assigned to this Department as instructor.

The following brief financial statement of expenses other than pay rolls and subsistence shows in concrete form the relative cost of the camps of 1922 and 1923, as far as they relate to the troops trained at Camp Devens in 1923, and Camp Devens and elsewhere in 1922.

1922.

All expenses including forage for Field Artillery \$42,296.45

1923.

All expenses including forage for Field Artillery \$28,039.02

In 1923 the expense for pay and subsistence of the above-mentioned units exceeded the expense for 1922 by something over \$16,000.00 showing that training at Devens of more officers and men can be accomplished at less expense than would be necessary if camps other than Devens are used.

The War Department has allocated an area sufficient to house a Division for the use of the National Guard of New England. This area not only provides adequate housing facilities for summer training, but in addition furnishes a concentration point in the case of an emergency. In this area all the utilities have been retained with the exception of the surplus boilers in the various boiler houses. It appears from careful inspection of the buildings and the utilities that with ordinary repairs made from year to year this area should be available for at least ten years. In the opinion of some observers it should be available for at least twenty years. It is intended to make use of the extra buildings and utilities located in the area for the repair of that portion to house a division.

If funds could be provided to paint the buildings, to be retained, their life would be prolonged and the appearance of the camp much improved. It is hoped that in the near future some co-operative arrangement may be made among the New England States to secure this result.

REPAIR OF MOTOR VEHICLES.

It will be necessary to employ, in the near future, permanent motor mechanics to keep in condition the vehicles of the Division Train (forty odd trucks) and the trucks and cars of the other units. If the organizations using motor vehicles, both air and ground, are to be maintained at a proper standard of

efficiency permanent repair shops with an adequate supply of repair parts will have to be provided.

It should be remembered that the motor vehicles and the air planes of the 101st Observation Squadron, the 26th Division Train and the Ammunition Trains of the Artillery are subjected to a great deal of wear and tear, during the year.

It is believed that the major portion of this expense should be borne by the Federal Government. The State, however, should do its fair share in order to be assured of the availability of these units in time of emergency.

AIRPORT.

During the year the plant known as the "Boston Airport" has begun to function. In addition to the regular army activities the 101st Observation Squadron is stationed there in two hangars. The Armory Commission has recommended the erection of a proper head house in order that the squadron may be located entirely at the Air Port.

This Department through the co-operation of the Quartermaster's Department of the Army has secured, free of charge, a heating plant sufficient to heat not only the hangars, but the proposed head house. Included in this equipment are four (4) sectional boilers. At the time of the writing of this report all the radiation has been installed in the hangars and the boilers erected. There remains only the erection of the stack and the completion of the water connections to put this plant in operation. The total expense so far for this project has been under \$2,000.00.

DISBURSING OFFICER.

For the fiscal year ending Nov. 30, 1923, Capt. H. B. Parker, Disbursing Officer, paid out the following amounts:

From State funds for allowances to the Massachusetts National Guard	\$233,033 42
From Federal funds through the U. S. P. & D. O. for Massachusetts:	
Pay Rolls, Subsistence and camp expenses	302,271 46
Paid to the State Treasurer interest on bank balances	323 82
For checks issued and not deposited for payment by holders of the same	831 96
State Guard Company Funds	186 26
Balance Subsistence Account, Wakefield, Oct. 12, 1922	7 75
Claim of this Department against the U. S. for hire of horses at Framingham, June 16, 1916 now before the Court of Claims at Washington	23,706 00
No. of troops paid for camp duty 1923:	
Officers	543
Enlisted Men	7701

CAMPS.

26th Division (less 51st F. A. Brig. Hq. 102 Field Artillery, 101st Engrs. and 101st Obs. Squadron), Camp Devens July 7 to 21st incl. 1923.

51st F. A. Brig. Hq. (26 Division) July 14-28 incl. 1923, Camp Devens.

102d F. A. (26th Division) Camp Devens July 21-Aug. 4 incl. 1923.

101st Engrs. (26th Division) Hanover, Mass., July 7-16 and Camp Devens July 17-21 incl. 1923.

101st Observation Squadron (26th Division) Mitchell Field, L. I. Aug. 15-30 incl. 1923.

211 Anti-Air Craft Artillery (1st Corps Cadet) Ft. Terry, L. I. Sound, July 7-21 incl. 1923.

110th Cavalry, Wakefield July 28-30, Quonsett Pt. R. I. July 31-Aug. 11, 1923.

2d Sep. Battalion Inf. Camp Devens July 21 to Aug. 4, 1923.

241st Coast Artillery Rgt., 101st Engineers (while at Hanover, Mass.) and 110th Cav. were under canvas. All other units were billeted in barracks.

MAINTENANCE OF ARMORIES OF THE FIRST CLASS.

Total Expenditures for Year Ending November 30, 1923.

GENERAL.

During the current year the use of Anthracite Coal for the heating of Armories has been abandoned. This has resulted in the saving of many thousands of dollars.

Income for the year is shown in detail in the following table:

1. Rentals of Armories	\$13,287 50
2. Lease of State Camp Ground	2,250 00
3. Sale of hay, Battery "B" Farm	225 00
4. Sale of surplus property	2,739 19
5. Reimbursement—C. H. Tenney Co.	220 69

HARRY G. CHASE,

Lieut. Colonel, State Quartermaster, Mass.

ANNUAL REPORT OF THE UNITED STATES PROPERTY AND
DISBURSING OFFICER FOR MASSACHUSETTS
NATIONAL GUARD.

BOSTON, MASS., DEC. 15, 1923.

The annual report of The United States Property and Disbursing Officer for Massachusetts, covering the activities of this office for the fiscal year 1923 is respectfully submitted.

APPOINTMENT.

Upon retirement of Col. Charles F. Sargent, for reason of age limit, the present United States Property and Disbursing Officer was appointed by Gov. Channing H. Cox January 8th, and entered upon the duties of the office January 10th. The appointment was approved by the Secretary of War February 10th, 1923.

OFFICE PERSONNEL.

The personnel of the office consisted of five persons, employed by the Commonwealth, under The Adjutant General's Department. An allotment of \$5,900.00 was granted for the fiscal year 1923: \$5,430.00 for salaries and \$470.00 for office expenses. On the salary account there is an unexpended balance of \$22.91, and on the office expenses \$121.85.

Because of the rapidity in organizing and equipping National Guard units, the reorganization necessary from time to time, the numerous transfers of accountability from one officer to another, the tremendous amount of property clerical assistance to meet the requirements, the property accounts were not completely posted. It was obvious that the property records were in imperative need of immediate attention and that it would require considerable work to bring them to date. Three clerks were kept constantly at work posting, and checking transfers of property. In previous annual reports, Col. Charles F. Sargent recommended that additional assistants be allowed this office, and the present Property and Disbursing Officer has requested more clerks. However, owing to lack of appropriations, the personnel of the office was not increased.

REQUISITIONS.

There have been three hundred and thirty-four requisitions forwarded during the year. Numbered among these were the requisitions, prepared in this office, for complete equipment for twenty new units, organized to establish four full regiments of Infantry. Property on these requisitions was received in approximately two thousand shipments.

SHIPPING TICKETS.

Many of the Federal depots and arsenals, shipping property to units of the Massachusetts National Guard, have neglected to forward copies of shipping tickets to this office, and, in some instances, have printed instructions on tickets sent to Unit Commanders to sign and return all copies direct. The result was that, for a time, it was practically impossible to keep an accurate property account. However, after corresponding with the various depots, satisfactory arrangements were made, and the confusion and inaccuracy, caused by these deviations from regulations, has been minimized.

Regulations require that Unit Commanders shall, after receiving shipments and checking same, sign shipping tickets and forward all copies, with the exception of one, to the United States Property and Disbursing Officer, who will compare them with, and make the necessary notations on his ticket received direct from the depot or arsenal. One copy is then sent to the Militia Bureau and the others returned to the consignor. It has been very difficult to get Commanding Officers to observe these rules, many returning shipping tickets to depots. Also, many officers are very negligent in returning tickets promptly. It is very essential that they be returned as soon as possible as the depots cannot be reimbursed until the original signed shipping tickets are received by them.

STORAGE CHARGES

Storage charges involve a great deal of correspondence. When notice is received, by unit Commanders, of property delivered at freight house, immediate action should be taken to move it to the Armory, as the Federal Government will not pay storage bills. Whenever, for any reason, charges for storage do accrue, the bill must be paid out of Company funds.

STATEMENTS OF CHARGES AND REPORTS OF SURVEY.

Because Commanding Officers are not familiar with governing regulations, Statements of Charges, and Reports of Survey are often received in this office lacking the required information and number of copies, thus entailing much unnecessary correspondence.

When approved Reports of Survey have been returned, directing that worn-out property be turned in to the Property and Disbursing Officer for salvage, bills of lading, covering shipments from Armory to State Arsenal at Framingham, were forwarded and property was shipped by Unit Commanders. Shipping tickets were prepared by the consignor and forwarded with shipments. These were checked as soon as received and tickets were signed and returned to be attached to Reports of Survey in Company files.

The failure of Commanding Officers to submit Reports of Surveys covering disapproved Over, Short and Damaged reports makes necessary much detailed correspondence with the Militia Bureau, as it is imperative that some definite action be taken on shortages in shipments before the common carriers' bills can be paid.

VALUE OF PROPERTY.

It is estimated that about \$1,000,000 worth of property has been received during the past year, making the total value of Federal Military Property, now in Massachusetts, approximately \$6,000,000.

FEDERAL AUDIT.

It is regretted that a United States Auditor cannot be detailed to this office until all unit accounts are audited, and the responsibility for all Federal property is transferred from Col. Charles F. Sargent to the present representative of the Federal Government. However, the demand for property auditors is so great that it has been impossible to have one for but a few weeks at a time. The stock record account was audited to June 30th, 1923 and the retiring Property and Disbursing Officer turned over all property at the Framingham Arsenal to his successor as of that date. The property in possession of the National Guard units, for which the Property and Disbursing Officer is accountable, is being turned over as each unit's account is audited.

ORDNANCE REPORT.

The semi-annual report of principal ordnance supplies, required by the Ordnance Department U. S. A. September 1st, was compiled by the State Ordnance Officer for the Property and Disbursing Officer. This was delayed by order of The Adjutant General, who directed that forms should not be distributed until after summer encampments because of the immense amount of work necessary to prepare for camp. Unit reports were consolidated and forwarded to the Ordnance Officer, First Corps Area, November 16th.

TRANSFERS OF PROPERTY.

Many transfers of property accountability from accountable officers to their successors were so incomplete, owing to ignorance of existing regulations, lack of co-operation between the two officers involved, and certain peculiarities in individual cases, much more time than should ordinarily be given to a transfer was spent on them. However, there are now available forms, with a complete list of practically all property in the possession of National Guard units, which are being used to great advantage, facilitating greatly in obtaining complete and accurate transfers, and saving much time in checking to property loan records in this office.

There are now forty-five transfers of property pending in this office. Twenty-three of these have been checked and a list of discrepancies forwarded, to present Commanding Officers and their predecessors, with a request that supplementary transfers, or reports of survey be submitted to cover shortages. The accountable officers have been so very careless in complying with these requests that it has been necessary to ask The Adjutant General to take action. It is believed that there are several more transfers pending throughout the National Guard, but no notice or lists of property transferred, as required by National Guard Regulations, have been received. With the additional temporary help recently detailed to this office, within a month it is expected that all transfers in these files will be checked and notice sent to officers concerned. Many times transfers of property within an organization, by order of Regimental Commanders, occurs and no shipping tickets are sent to this office. The result is that when an accountable officer transfers property to his successor, the lists received from him do not check accurately with accounts here, and there is much confusion and time lost in adjusting the records.

FINANCE.

Since February 10th on "Requests for Funds," made out in this office and signed by The Governor, there has been placed to the credit of the United States Property and Disbursing Officer of Massachusetts, at the Treasury Department in Washington, \$479,191.30. From this amount, during the ten months, one thousand two hundred eighty-six vouchers were paid, involving one thousand six hundred ninety-seven checks. At the close of each month, the vouchers paid during the current month, were prepared and forwarded to Washington, together with an "Abstract of Disbursements," "List of Checks," "Account Current," and "Statement of Funds Expended." There is, at present, a balance on the books of \$72,614.33 with a "Request for Funds" pending amounting to \$29,403.80.

Four "Difference Sheets" of suspended vouchers paid in February, March, April, and May have been received. The necessary data and refundments, necessary to raise the suspensions on three of these sheets, have been forwarded to the General Accounting Office, and clearance on the fourth sheet is now pending.

The United States Finance Auditor is expected to check up the money accounts in this office sometime in December, but no specific date for this audit has been designated.

REPAIR OF SHOES.

Requests for authority to repair approximately three thousand pairs of shoes, in possession of the Massachusetts National Guard units, at a cost not to exceed \$1.50 per pair, were forwarded to Washington. Authority was granted to have the repairs made in local shops and bills submitted, on public voucher to the United States Property and Disbursing Officer, who paid them.

SCHOOL OF INSTRUCTION — 101ST ENGINEERS.

The 101st Regiment of Engineers was authorized to hold a four-day School of Instruction, June 16th-19th at Wakefield. The total cost of this school was \$1,632.20.

ANNUAL CAMPS — 1923.

The summer encampments for the National Guard units started with the 26th Division going to Camp Devens July 7th. Two hundred thirty-nine Trans-

portation Requests were issued to transport men to and from camps, and fifty-two bills of lading were necessary to ship property incidental to a two weeks' tour of duty. The total expenditures for camp to date amounts to \$302,228.75, divided as follows:

The distribution, by camps, follows:

Pay	\$212,289 38
Subsistence	57,969 50
Drayage	2,866 85
Forage	7,336 23
Gas, Oil and Fuel	8,565 71
Straw, Electric Light and Water	2,017 05
Repairs to camps	9,248 25
Incidental Expenses including Telephone	1,935 78

26th Division, Camp Devens, Mass.

Pay	\$173,567 76
Subsistence	47,545 00
Drayage	1,333 50
Forage	6,115 23
Gas, Oil and Fuel	7,664 09
Straw, Electric Light and Water	1,683 43
Repairs to Camps	8,927 85
Incidental Expenses including Telephone	1,259 29

Total \$248,096 15

211th Artillery, Fort Terry, N. Y.

Pay	\$5 698 51
Subsistence	1,571 50
Drayage	674 75
Gas, Oil and Fuel	52 24
Straw, Electric Light and Water	102 02
Incidental Expenses including Telephone	20 56

Total \$8,119 58

110th Cavalry, Quonsett Point, R. I.

Pay	\$8,947 83
Subsistence	3 465 00
Drayage	732 60
Forage	1,221 00
Gas, Oil and Fuel	244 49
Straw, Electric Light and Water	31 06
Repairs to Camp	320 40
Incidental Expenses including Telephone	343 54

Total \$14,305 92

101st Observation Squadron, Mitchell Field, L. I.

Pay	\$3,172 15
Subsistence	616 50
Gas, Oil and Fuel	347 74
Incidental Expenses including Telephone	302 01

Total \$4,438 40

241st Artillery, C. A. C., Ft. H. G. Wright, N. Y.

Pay	\$20,903 13
Subsistence	5,771 50
Drayage	126 00
Gas, Oil and Fuel	257 15
Straw, Electric Light and Water	200 54
Incidental Expenses including Telephone	10 38

Total \$27,268 70

In connection with camp, invaluable assistance was rendered this office by Capt. H. B. Parker, State Disbursing Officer, and his assistants.

BILLS OF LADING AND TRANSPORTATION REQUESTS.

The number of bills of lading issued from this office during the year was eighty-one. Seventy numbered Government bills of lading were used by the Superintendent of the State Arsenal to ship federal property from the Arsenal to units of the National Guard throughout the State. The Property and Disbursing Officer is responsible for these also, therefore, the total number issued was one hundred fifty-one.

Two hundred ninety-nine Transportation Requests were given out during the current period.

On the first day of each month, a report of bills of lading and transportation requests on hand, issued, and transferred was forwarded to the Quartermaster Supply Officer, Washington General Intermediate Depot as required.

SCHOOL OF INSTRUCTION FOR U. S. PROPERTY AND DISBURSING OFFICERS.

A school of instruction for United States Property and Disbursing Officers was held at Washington, D. C., November 15th to 24th. On suggestion of the Property and Disbursing Officer, and approval of The Adjutant General, a circular was sent to all units requesting that any suggestions or reasonable complaints, which any of the members would like discussed, should be sent here. A number of letters were received, containing excellent data, which the Property and Disbursing Officer consolidated and presented before the various committees for consideration.

Committees were appointed to discuss in detail and submit reports on the following subjects:

1. Care and preservation of Federal property.
2. Issue of Federal Property.
3. Requisitions for National Guard Equipment and Supply.
4. Method of accounting for Federal property issued to the National Guard.
5. Surveys of Federal property issued to the National Guard.
6. Pay of National Guardsmen and travel expenses of Regular Army personnel on duty with National Guard.
7. Methods of making and submitting estimates for training camps, lease, construction and repair of target ranges, preparation of camp sites and other like purposes.
8. Requirements of the National Guard as to camp sites, target ranges, and utilities on same.
9. Methods of handling National Guard Affairs at Corps Area Headquarters.
10. Miscellaneous.
 - (a) Recommendations for reduction of paper work.
 - (b) Recommendations for improvements in methods of inspection and grading of N. G. units.
 - (c) Suggestions for a more economical, satisfactory and less complicated administration of N. G. affairs.
 - (d) Changes of Legislation deemed advisable concerning supply and finance of the National Guard.

On the last three days of the school, the reports of the various committees were submitted for general consideration, suggestion and criticism. With the resulting information and ideas the reports were re-drafted and submitted to the Chief, Militia Bureau. All recommendations will be taken under advisement and, wherever it is possible, put into effect. A complete report of the conference is being prepared by the Militia Bureau and will be forwarded to all states within a short time.

The conference gave to the Property and Disbursing Officer, an invaluable insight of the workings and methods used by the Militia Bureau, supply depots, Finance and General Accounting Offices.

RECOMMENDATIONS.

That additional clerical assistants be assigned to this department so that accounts can be posted to date and this office enabled to give more assistance to officers held accountable for Federal property.

That a person preferably a bonded officer, and if possible the Superintendent of the State Arsenal, Framingham, be detailed to act as agent for the Property and Disbursing Officer at the Arsenal, where all Federal property, not actually in the hands of the National Guard and for which the Property and Disbursing Officer is both responsible and accountable, is stored. This person will receipt for and make shipments to the National Guard units, preparing and completing the necessary shipping orders in accordance with regulations. The Superintendent of the Arsenal, who is in direct contact at all times, with the property there, could thus be held accountable to the Property and Disbursing Officer.

That a physical inventory be made each year of Federal property in the hands of each National Guard unit from a list prepared from the property records of the company in the office.

That no property issued to a unit and included in "Tables of equipment" for that unit, be transferred without specific authority from the Property and Disbursing Officer. When it is necessary that a temporary transfer of property be made, a memorandum receipt can be used, the officer transferring the property still being held accountable.

That upon transfer, promotion or resignation of an accountable officer, a transfer of property, as required by National Guard Regulations be submitted within thirty days to this office to be checked, so that discrepancies, if any exist, can be cleared up immediately.

FRANK J. KILLILEA,

Lt. Col. QMC, Mass. N. G., U. S. Property and Disbursing Officer, Mass.

REPORT OF THE STATE INSPECTOR.

NOVEMBER 23, 1923.

To The Adjutant General, Massachusetts.

1. The following report of the Inspector General's Department is hereby submitted for the year ending November 30, 1923.

2. The Department was taken over by me on May 2nd from my predecessor, Brigadier General A. F. Foote, who has at all times been of great assistance with his friendly advice and counsel, and it has been my endeavor to follow along the lines he had laid out.

3. The following-named officers were detailed as assistants to the State Inspector for the armory inspections:

Colonel John W. Hyatt,
Lt. Col. Albert C. Gray,
Lt. Col. Alanson L. Daniels,
Lt. Col. Daniel Needham,
Lt. Col. Harry G. Chase,
Major George S. Penney,
Major James G. Rivers,
Major Oscar A. Dudley,
Major George W. Krapf,
Captain Thomas Livingston,

all of whom performed their duties in a most careful and painstaking manner to the great satisfaction of this Department. Lt. Col. Gray, Major Penney and Captain Cliffe were of especial assistance because of their long experience in these matters.

4. The Armory State Inspections were held in conjunction with the Federal Inspections in compliance with War Department (M. B.) Orders and National Guard Regulations. The inspection period covering the dates approximately from January 15th to March 15th. Coming as these inspections did in the most severe part of a severe winter the results obtained were remarkable. It is gratifying to know that the 1924 Armory Inspections will come during the months of March and April and much better results are to be expected.

5. The entire property of the various units for which the unit commanders were responsible was itemized, listed and recorded on blanks furnished by this office and presented to the inspecting officers, on being checked was found to be correct in most cases, but it has been found during the year that officers do not always realize their responsibilities in the care of property and a careful check being conducted by an officer, Lieutenant DiRago, Q. M. C., at the present time has already revealed a condition concerning the care of property which must be remedied at once. While ordnance property has been cared for and prepared for inspection, it is found that in some cases that proper care is not being exercised during the balance of the year.

6. Quartermaster property shows wear, and in some cases, neglect. Shoes, however, are being repaired and kept in shape as long as possible. In many instances, however, a great improvement is to be expected.

7. Fund books were carefully audited from statements given by the Adjutant General's Office to the Inspectors, which stated the amount of cash which should be accounted for and this facilitated the audit of the council book. Dur-

ing the summer tours of duty all council books were audited by Mr. Jacobs of The Adjutant General's Office, which was of great help to the Inspector, inasmuch as lack of time would prevent such an audit without this help.

8. Armories are becoming crowded, due to the placing of many units in quarters provided for a few, nevertheless, in most cases the property is properly safeguarded, and officers in charge are showing ingenuity in meeting the situation.

9. Complete reports of the armory inspections, in detail, are on file in the office of The Adjutant General, as well as the reports of the tours of duty during the summer.

10. The clothing of the individual soldier was found to be adequate in most cases, although it was found that some did not have the complete issue of shirts, shoes and cottons. This should not be allowed to happen, and while some units carried no extra changes, leaving the extras in the armories, others reported that but one complete set was on hand. In the most cases, however, the men were properly provided. For a two weeks' tour of duty, every man should have an extra shirt, shoes and cotton breeches, as well as underwear and socks.

11. The State Inspector covered all organizations of the National Guard, with the exception of the 110th Cavalry, which was inspected by Lt. Col. Penney, although the State Inspector visited their camp one day at Quonsett Point, Rhode Island, and the 2nd Battalion, 211th Arty. A-AA, (CAC), which was inspected by Captain Brocklehurst of the Coast Artillery Corps. In all organizations the attendance, morale, zeal and interest in training was very gratifying.

12. As Survey Officer for the United States and the Commonwealth of Massachusetts, the State Inspector has passed on a large number of surveys of property, lost or destroyed, or worn out through fair wear and tear. Responsible officers must realize that the Militia Bureau is extremely cold blooded regarding lost property, and insists on all facts being covered before any shortage will be allowed. Surveys dated six months or over after a loss of property occurs, have small chance of being approved by the Militia Bureau. Officers in command of units to whom property is charged, must realize their responsibility and by careful arrangement and frequent checks keep themselves informed as to the conditions and amount on hand.

13. The relations between this department and the Inspector of the First Corps Area have been very pleasant. The officers assigned here as Instructors are of the type we need, and the interest shown by all at all times is very gratifying and worthy of commendation. They have made themselves a part of the Guard and at all times are willing to do their utmost to be of help.

14. In closing this report, the State Inspector desires to express his appreciation for the support rendered him by The Adjutant General of Massachusetts, the Commanding General, 26th Division, the Chief of Staff of the 26th Division and the State Staff Officers, as well as the officers assigned as assistants. These officers were of great service, and without their help it would have been impossible to have carried on the work of this Department.

H. D. COMERAIS,

Lt. Col., I. G. D., Mass. N. G., State Inspector, Mass.

REPORT OF THE STATE ORDNANCE OFFICER.

BOSTON, DEC. 31, 1923.

To The Adjutant General.

In the absence of Lt. Col. Thomas F. Brown, the responsibility of this Department has fallen on the undersigned.

PERSONNEL.

Lt. Colonel Brown was on leave from the first of the year until November 5, on which date he was transferred to the National Guard Reserve by S. O. 191, par. 4, A. G. O. Mass. 1923. The loss of this highly-efficient officer is sincerely regretted by every one of his many friends in the Massachusetts National Guard, and particularly by his associates of this Department.

Capt. James F. Laughlin, who has been on leave throughout the year, was, on July 3, transferred to the National Guard Reserve by S. O. 120, par. s. A. G. O. Mass. 1923. The loss of this excellent shot is greatly to be regretted.

Former 1st Lt. Nathaniel C. Nash, Jr., was promoted to Captain on July 6, 1923, and ordered to duty with the Ordnance Department by S. O. 123, par. 1, A. G. O., Mass., 1923. This department is extremely fortunate in securing so efficient an officer. Captain Nash is exceptionally qualified in every detail, and I desire to express my appreciation of his valuable assistance, and great sacrifice of time devoted to the work of this department.

The vacancy created by the promotion of Captain Nash has been filled by the appointment of 1st Lt. Rudolph J. Thanisch, who was commissioned on December 11, 1923, and assigned to duty with the Ordnance Department by S. O. 226, A. G. O., Mass., December 22, 1923.

It is to be noted that there have been available throughout the greater part of the year only 2 commissioned officers to carry on the ever-increasing duties of the Ordnance Department.

Lt. Col. George W. Langdon, Mass. N. G. (retired) has demonstrated his ability to handle most ably the many detailed matters which are constantly becoming a very important branch of the duties of this office. He deserves the highest praise for his faithful and efficient work.

Technical Sergeant, George E. Gustafson, Hq. Co. 26th Division rendered valuable and efficient service to the Acting Division Ordnance Officer during the annual tour of duty of the Division.

The enlisted personnel of the Ordnance Detachment authorized by G. O. No. 7, par. 2, A. G. O., Mass., May 31, 1922 has been discharged or transferred and Federal recognition has been withdrawn from the enlisted detachment by G. O. No. 10, par. 5, A. G. O., Mass., 1923.

The organization of the Ordnance Maintenance Co. called for by G. O. No. 4, A. G. O., Mass., 1923, has been suspended on account of the lack of armory accommodations.

During the past year, the officers of this Department have been untiring in their efforts to promote small arms practice. Every opportunity has been seized to increase the skill, the knowledge, or the interest of those whose duties require or whose inclinations urge them to improve their marksmanship. This office has never hesitated to go out of its way in assisting the officers and men of the Massachusetts National Guard to the fullest extent possible consistent with maintaining the efficiency of the Department.

INDOOR PRACTICE.

The Springfield rifle Model 1922 chambered for the .22 Long Rifle Cartridge, has now been adopted by the Army for gallery practice, and will be an item of issue when sufficient appropriations are available. On account of the superior accuracy of this weapon and its ammunition shooting experts throughout the nation are urging with renewed energy the increased use of the small bore not only for the rudimentary training of recruits, but also for the development of high grade marksmen. This is of particular importance to the National Guard because the schedule of weekly drills facilitates indoor shooting, whereas the intensive training of the annual tour of camp duty usually permits each man to fire only the record course with the Service Rifle, thus allowing no opportunity for personal instruction which is an absolute necessity in the period of instruction. It is therefore recommended that every company commander who anticipates the slightest difficulty in providing ample instruction practice outdoors prior to the annual tour of duty, should make sure that every member of his command receives thorough training with the small bore in the armory during the winter.

With this end in view, this Department continues to urge the fullest possible extension of indoor shooting.

INDOOR RIFLE COMPETITION.

In accordance with G. O. No. 12, par. 14, A. G. O., Mass., 1922, a competition consisting of 3 stages was held between Jan. 15 and Feb. 28, 1923. The

teams consisted of 8 men from each company or troop, each competitor firing at each stage of the match, 20 consecutive shots (10 standing and 10 prone) at 25 yards; the 5 best scores to count for the team total. The interest shown was discouraging. Out of 96 eligible units, 46 units or about 50% entered teams for this competition and 31 units or about 33% completed the match. As this was an ordered tour of duty and in view of the importance of training of this nature, I take this opportunity to call to your attention this failure to comply with orders.

The results of this match were as follows:

Five Highest Teams.

A silver cup to each.

321st Co., C. D. C.	1460
C Co. 101st Inf.	1447
K Co. 101st Inf.	1444
A Co. 104th Inf.	1435
F Co. 101st Engrs.	1401

Five Highest Individuals.

A silver cup to each.

Martens, J., 2d Lt., 321st, C. D. C.	298
Lannon, M. T., 2d Lt. C. 101st Inf.	294
Muse, E. J., Pvt. 321st, C. D. C.	293
Tisdell, W. A., 1st Lt. A, 104th Inf.	291
Bowditch, S. C., Pvt. 321st, C. D. C.	290

High Regimental Teams.

A silver cup to each.

101st Inf., Co. C.	1447
104th Inf., Co. A.	1435
181st Inf., Co. I.	1392
C. D. C., 321st Co.	1460
101st Engrs., Co. F.	1401
110 Cav., A. Troop	1301
26th Div. Train. Hq. Det.	1252
211th M. G. Bn., F Btry.	1335
2nd Sep. Bn., A Co.	1257

Although this office annually requires that units shoot for indoor qualification, no badge or other insignia is issued to denote proficiency. It is believed that greater impetus would be given to this important phase of the training if the State should adopt a suitable design and issue badges to those who qualify indoors as experts, sharpshooters or marksmen.

CAMP OF RIFLE INSTRUCTION.

For the first time, this office succeeded in securing a Federal appropriation to hold a camp of rifle instruction open to all the units of the Massachusetts National Guard. Such a camp was held at Wakefield for 10 days commencing August 1, 1923. About 45 officers and men attended the camp and received instruction sufficient to qualify them as rifle instructors in their respective units.

STATE RIFLE TEAM.

On August 10, 1923, the Acting State Ordnance Officer selected from the members of the Camp of Rifle Instruction those men who would make up the Provisional Squad from which the State Rifle Team should be selected. These men remained in camp at Wakefield, on State pay, for further practice and were gradually reduced to the number of fourteen who represented the State at the National Matches at Camp Perry, Ohio.

On August 28, 1923 the following-named officers and men were designated as the Massachusetts National Guard Rifle Team by S. O. No. 150, par. 1, A. G. O., Mass., 1923.

Team Captain.

Major C. David Berg, 182d Inf., Mass. N. G.
Malden, Mass.

Team Coach.

Capt. Edward FitzGerald, Co. F, 101st Inf., Mass. N. G.
Cambridge, Mass.

Principals.

- 2nd Lt. James A. Tourtlott, Co. D, 182d Inf., Mass. N. G.
Lowell, Mass.
- 1st Sgt. John C. Spraker, Co. L, 182d Inf., Mass. N. G.
Malden, Mass.
- Sgt. Robert W. Castle, Co. F, 101st Inf., Mass. N. G.
Boston, Mass.
- Sgt. Herbert P. Whittemore, Co. I, 101st Inf., Mass. N. G.
Attleboro, Mass.
- Sgt. Alton B. Coller, Co. L, 104th Inf., Mass. N. G.
Greenfield, Mass.
- Sgt. Howard P. Coller, Co. L, 104th Inf., Mass. N. G.
Greenfield, Mass.
- Sgt. William C. Brattin, Co. E, 101st Inf., Mass. N. G.
Roxbury, Mass.
- Pvt. Frederick P. Hume, Co. L, 182d Inf., Mass. N. G.
Malden, Mass.
- Pvt. John T. Dingle, Co. L, 182d Inf., Mass. N. G.
Wakefield, Mass.
- Pvt. Edward D. Muse, Co. E, 182d Inf., Mass. N. G.
Wakefield, Mass.

Alternates.

- Sgt. Dana P. Randall, Co. L, 104th Inf., Mass. N. G.
Greenfield, Mass.
- Corp. Stanley Youngquist, Co. F, 182 Inf., Mass. N. G.
Waverly, Mass.

In addition, the following officers were detailed on August 28, 1923, by S. O. 150, par. 2, A. G. O., Mass., 1923 for duty with the team.

Executive Officer.

Maj. C. C. Stanchfield, Ord. Dept.

Team Quartermaster.

Capt. W. L. Darling, 1st C. D. C.

Team Surgeon.

Capt. William E. Buck, M. C.

The experiment of 1922 in operating at Camp Perry a private mess for the team, was so successful that a similar mess was provided this year. This was an important factor in keeping up the physical condition of the men. Much credit is due to Cook James Collins, for his untiring efforts and for the excellence of the mess.

NATIONAL MATCHES.

In the National Rifle Team Match, open to teams of 10 men each from all branches of the service, National Guard and Civilian organizations, and in which 65 teams were entered, the Massachusetts National Guard Team finished in tenth place, thus winning a position in the "Class A" group. In this match the Hilton trophy is awarded to the highest National Guard Team. In competition for this trophy Massachusetts finished fourth, out of 43 National Guard Teams, the 4 highest scores being as follows:

Oregon National Guard	2714
D. of C. National Guard	2698
N. Y. National Guard	2694
Mass. National Guard	2684

The excellent showing of the Massachusetts team in this match was the subject of a letter of special commendation by the Militia Bureau, which was quoted in full in your letter dated October 19, 1923, and sent to all members of the team.

The individual scores were as follows:

	SLOW FIRE.			RAPID FIRE.		Total.
	200 yds.	600 yds.	1,000 yds.	200 yds.	300 yds.	
Maj. C. D. Berg	40	47	95	42	45	269
Pvt. J. T. Dingle	45	46	91	41	47	270
Sgt. H. P. Collier	40	46	93	48	43	270
Sgt. A. B. Collier	46	46	81	43	38	254
Pvt. F. P. Hume	43	44	84	48	46	265
Capt. E. FitzGerald	44	48	89	48	45	274
Lt. J. A. Tourtlott	42	47	93	43	44	269
1st Sgt. J. C. Spraker ..	43	45	94	43	45	270
Sgt. H. P. Whittemore ..	45	47	85	46	49	272
Sgt. R. W. Castle	47	43	90	45	46	271
Totals	435	459	895	447	448	2,684

UNITED SERVICE MATCH.

This match is open to one team of 16 shooting members from each of the following services, the Regular Army, the Navy, the Marine Corps and the National Guard. On the National Guard team, Massachusetts was represented by the following 2 members:

1st Sgt. John C. Spraker — Co. L, 182nd Inf.

Sgt. Robert W. Castle — Co. F, 101st Inf.

The U. S. Marine Corps won first place with a score of 4,532 out of a possible 4,800. The Army was second with 4,441 and the National Guard finished third with 4,356, each member being awarded a medal.

PRIZES.

In the National Rifle Team Match every member of the team was awarded a badge. In the United Service Match every member on the National Guard Team received a medal. In addition to these every principal member of the Massachusetts National Guard team won one or more places in the individual matches. Those which carried with them a medal or badge were as follows:

Members' Match.

Major Berg.

The President's Match.

1st Sgt. Spraker.

Sgt. Castle.

Pvt. Dingle.

Navy Match.

Sgt. H. P. Collier.

National Individual Pistol Match.

Capt. Darling.

Leech Cup Match.

Sgt. Brattin.

The members of the team also won in cash prizes a total of \$169.68.

I take sincere pleasure in reporting that in view of the large proportion of new men on the team who had never before competed in the National Matches, the results were extremely gratifying. The teamwork was uniformly of the highest order. The spirit of the men was excellent. Each man gave the best there was in him when called on to make the supreme effort. Too much credit cannot be given these men for the willing sacrifice of their time and energy in so ably upholding the reputation of the Commonwealth.

Major Berg is entitled to the entire credit for the training of the team. Commencing with the first day of practice and continuing up to the last day of the matches his efforts were constant and untiring not only to improve to the highest point the individual skill of every member, but also to develop effective

team-work, so difficult to achieve but so necessary to success. The hearty thanks of the Commonwealth are due to this able and efficient officer.

I take pleasure in commending most highly the untiring efforts and the exceptional efficiency displayed by Capt. Darling as Team Quartermaster and by Captain Buck as Team Surgeon. Their work contributed immeasurably to the health of the personnel and to the morale of the team.

Lack of funds prevented the State Rifle Team from participating in the Matches held at Sea Girt, New Jersey, during the first part of September, but the team did compete in the United Services of New England Matches held at Wakefield, August 20 to 26, and made a very creditable showing, considering the short period in which they had been in training.

Owing to lack of funds, no attempt was made to organize a National Guard Pistol Team nor a Civilian Rifle Team.

STATE RIFLE TEAM INSIGNIA.

I have always believed that the members of the State Rifle Team should be entitled to display some insignia of their prowess. The State Rifle Team medal is entirely too cumbersome to be conveniently worn except on occasions when the full dress uniform would be appropriate. Therefore, an embroidered insignia was designed to be worn on the left sleeve of the Service coat, and its use was approved on November 30, 1923, by G. O. No. 14, pars. 1-3 A. G. O. Mass. 1923.

STATE COMPETITION.

The State Rifle Competition, as ordered by G. O. No. 12, par. 11 A. G. O. Mass. 1923, was held at the Wakefield Range on October 22, 1923.

The officers of this competition appointed by S. O. 175 A. G. O. Mass. 1923, dated October 9, 1923, were:

Executive Officer, Maj. C. C. Stanchfield, Ord. Dept.
 Chief Range Officer, Capt. Nathaniel C. Nash, Jr., Ord. Dept.
 Quartermaster, Capt. Charles I. Boynton, Q. M. C.
 Surgeon, Capt. William E. Buck, M. C.
 Statistical Officer, Lt. Col. George W. Langdon, Mass. N. G. (retired).
 Paymaster, Capt. Horace B. Parker, Mass. N. G. (retired).
 Asst. Statistical Officer, Master Sgt. Edward P. Doyle, 26th Div. Hq.

Each team consisted of 10 men, and each man fired 10 shots at 200 yards standing, 10 shots at 300 yards prone and 10 shots at 600 yards prone (2 sighting shots were fired at each range). The scores follow:

Team.	200 yds.	300 yds.	600 yds.	Total.
101st Infantry	405	458	454	1,317
182d Infantry	409	453	451	1,313
101st Engineers	387	449	441	1,277
181st Infantry	408	438	429	1,275
104th Infantry	380	454	438	1,272
211th Arty. (A. A. A.)	369	446	396	1,211
241st Arty. (C. A. C.)	373	414	361	1,148
2nd Separate Battalion Infantry	336	410	348	1,094
26th Division Train	258	394	307	959
110th Cavalry (9 men)	288	349	287	924

In view of the cold weather conditions which prevailed, the scores of the higher teams are considered excellent. As will be seen, the 101st Infantry retained the State Tricolor for another year. Silver cups were awarded to the ten (10) individuals making the highest individual scores, as follows:

1st—2nd Lt. James A. Tourtloott, Co. D, 182nd Inf.	140
2nd—Sgt. William C. Brattin, Co. E, 101st Inf.	137
3rd—Capt. Edward FitzGerald, Co. F, 101st Inf.	137
4th—Sgt. Dana P. Randall, Co. L, 104th Inf.	137
5th—1st Lt. James P. Powers, Hq. Co., 3rd Bn., 181st Inf.	137
6th—Pvt. Frederick P. Hume, Co. L, 182nd Inf.	136
7th—Capt. Wallace L. Darling, Hq. 241st Art. (C. A. C.)	136
8th—Pvt. Phillip P. Pasqualino, Co. E, 182nd Inf.	135
9th—Sgt. Edwin K. Grant, Hq. Co., 1st Bn., 101st Inf.	135
10th—Sgt. Robert W. Castle, Co. F, 101st Inf.	134

The State Distinguished Marksman's Medal, which is awarded to the ten (10) men making the highest scores and who have not previously been awarded the decoration was awarded to the following:

1st—Sgt. William C. Brattin, Co. E, 101st Inf.	137
2nd—Sgt. Dana P. Randall, Co. L, 104th Inf.	137
3rd—1st Lt. James P. Powers, Hq. Co., 3rd Bn., 181st Inf.	137
4th—Capt. Wallace L. Darling, Hq. 241st Art. (C. A. C.)	136
5th—Pvt. Phillip P. Pasqualino, Co. E, 182nd Inf.	135
6th—Sgt. Edwin K. Grant, Hq. Co., 1st Bn., 101st Inf.	135
7th—Sgt. Robert W. Castle, Co. F, 101st Inf.	134
8th—Corp. Francis I. Bowen, Co. I, 101st Inf.	134
9th—Pvt. John T. Dingle, Co. L, 182nd Inf.	134
10th—Sgt. Clarence Landry, Co. F, 182nd Inf.	134

Owing to the fact that many working details reported late at the range, and that many targets broke down through being out of repair, the 600 yard stage of the match was barely completed before dark. It is, therefore, recommended that future State Rifle Competitions be held earlier in the season and not later than the first few days in October.

ORGANIZATION ORDNANCE OFFICERS.

To bring the various commands into closer contact with this office, to facilitate the dissemination of information relative to ordnance material and to secure more prompt reports relative to its condition and use, the designation of an officer in each regiment was on March 31, 1923 ordered by G. O. 5 11, A. G. O. Mass. 1923.

These officers, known as Organization Ordnance officers, were given instruction in the methods prescribed by this office for the supply, care, use and disposal of ordnance material. The results have been gratifying. This was particularly noticeable during the tour of duty of the division at Camp Devens, where much time and effort was saved not only in securing contact when necessary with the various units, but also in ensuring the carrying out of the orders of the Division Ordnance officer.

CIVILIAN RIFLE CLUBS.

During the current year, a number of applications have been received from civilian shooting clubs for affiliation with the National Rifle Association. These were referred to this Department, and after a personal investigation in each case the following were approved:

Reading Rifle and Revolver Club, Reading.
 John Hancock Rifle Club, Boston.
 Charlemont Rifle Club, Charlemont.
 New Bedford American Legion Rifle Club, New Bedford.
 Woodend Rifle Club, Lynn.
 Brockton Post 35, A. L. Rifle Club, Brockton.
 Swampscott Rifle Club, Swampscott.
 Williams Rifle Club, Williamstown.
 Winthrop Rifle Club, Winthrop.

OUTDOOR RANGES.

The ever-increasing need for a State-owned or controlled Rifle Range within a suitable distance from Boston has been emphasized this year. By S. O. No. 211, par. 1, A. G. O., Mass., under date of Dec. 4, 1923, 3 officers, viz.: Col. John F. Osborn, 101st Eng., Col. Albert C. Gray, 182nd Inf. and Major Charles C. Stanchfield, Ord. Dept., were constituted a board to investigate and report on this matter. Report of their most exhaustive and painstaking examination was submitted to you on December 15, 1923.

The civil authorities of Adams, Clinton, Framingham, Hudson and Lawrence, have received the active assistance of this Department in selecting suitable sites for rifle ranges. In each case, the proposed site was personally inspected by an officer of this Department. Plans and specifications of butt construction have been furnished to the C. O. of Battery A—102d F. A. of Gloucester, to the C. O. of Co. I—181st Inf. of Milford, and to the town officials of Hudson.

FIELD TRAINING.

The Acting State Ordnance officer and Capt. Nathaniel C. Nash, Jr., together attended camp with the 26th Division, and separately with the 101st Engineers at Hanover, with the 110th Cavalry at Wakefield, with the 102d F. A. and with the 2d Sep. Bn. Inf. at Camp Devens. They also attended the Camp of Rifle Instruction and the period of training of the State Rifle Team, both at Wakefield. Their work included supervising the supply of small arms and artillery ammunition for the Division, and the supervising of all rifle and pistol firing held during said tours of duty. It is believed that this close contact with the combatant arms of the service has led each branch to a better understanding of the methods and problems of the others, and has developed a closer co-operation which will promote the efficiency of the Massachusetts National Guard to a considerable degree.

ANNUAL MEETING OF ARMY ORDNANCE ASSOCIATION.

Capt. Nathaniel C. Nash, Jr., of this Department, was detailed to attend the Annual Meeting of the Army Ordnance Association held at the Aberdeen Proving Grounds, Md., on October 26. Capt. Nash rendered a detailed report of the latest developments in Ordnance and same was forwarded to you under date of Oct. 27, 1923.

REPORT ON PRINCIPAL ORDNANCE SUPPLIES.

G. O. No. 9 A. G. O. Mass. 1922 requires that every unit commander submit every 6 months a "Report of Serial Numbers of Firearms." Approximately 360 of these reports are therefore rendered each year. They contain the serial number of every rifle, gallery rifle, machine rifle, pistol, revolver and shotgun in the hands of the Massachusetts National Guard, a total of about 14,000 weapons. Twice each year every number must be checked with, and entered on the card index maintained in this office. This requires 28,000 entries. Hardly a single report is correct at first. Every discrepancy requires correspondence with the unit commander. This work requires the constant attention and the entire time of a clerk. It clearly comes under the jurisdiction of the U. S. P. & D. officer. To relieve the burden on his office, the Ordnance Dept. is glad to assist by supervising the efforts of the clerk now handling the matter, but it must be definitely understood that no responsibility is assumed. The regular work of this office must take precedence.

INSPECTION OF SMALL ARMS AMMUNITION.

In connection with the salvage of deteriorating rifle and pistol ammunition, it was necessary to make a personal investigation of all small arms ammunition in the hands of the Massachusetts National Guard. This work in itself required my personal and constant efforts for six months and included a visit to every armory in the State. It was discovered that many units were greatly over-supplied, and some were under-supplied. To equalize this condition, an inventory of all such ammunition was taken and entered on cards in this office, G. O. 14 A. G. O. Mass. 1922, issued on Dec. 31, 1922, requires the authority of this office for every future issue. In this way over-issue is eliminated, and under-supply is remedied. It is to be noted, however, that an additional burden is placed upon the personnel of this office.

This office has enjoyed most cordial relations with all departments of the office of the Adjutant General, with the Headquarters, 26th Division, with the Headquarters 1st Corps Area and the Militia Bureau, United States Army. Efficient co-operation of this kind is not only most gratifying, but makes possible that high efficiency of this office which is the goal of every officer of the Ordnance Dept.

CHARLES C. STANCHFIELD,

Major, Ord. Dept. Mass. N. G., Acting State Ordnance Officer.
